

Leilah Smith

Software Developer

leilah.sdev@gmail.com | +1 (317) 759-7371 | [Github.com/leilahsmith/](https://github.com/leilahsmith/) | [linkedin.com/in/leilahsmith317/](https://www.linkedin.com/in/leilahsmith317/)

Summary

Motivated software developer with 2 years of overall experience and a track record of meaningful contributions to professional client applications in C#, Angular, JavaScript, HTML, and CSS. Passionate about building web applications that provide cost-effective and time-sensitive solutions to clients. Looking to collaborate and leverage gained experience and transferable skills to continue developing tech skills and grow professionally.

Education & Certification

- Microsoft Software Development Fundamentals Certification (December 2021)
- Eleven Fifty Academy, Software Development Immersive Learning Program (Indianapolis, IN | November 2021)
- University of Indianapolis, Bachelor of Science in Music Education (Indianapolis, Indiana | August 2015 | GPA 3.6)
 - Latin Honor: Cum Laude

Technical Projects

- **Mannacor/True Homes UI:** <https://www.truehomesusa.com/>
 - Applied skills in C#, Angular, Typescript, Javascript, .NET Core, MVC Framework, APIs, HTML5/Canvas/CSS3, Angular Material, responsive web design, SQL, jQuery, Git, Github, Agile methodologies, Azure DevOps, Scrum, and Visual Studio
- **Portfolio:** <https://leilahsmith.github.io/>
 - Designed and built my professional portfolio website
 - Utilized HTML 5, CSS 3, Bootstrap 4, responsive web design, and jQuery
- **Defaultinator:** <https://defaultinator.com/>
 - Resolved assigned tickets in a timely manner for implementation of UI design with React components
 - Utilized Github, JavaScript, React, and Storybook to contribute to the UI components of this open-source project
- **Suzuki Companion App:** <https://github.com/leilahsmith/SuzukiCompanion>
 - This ongoing project is a self-led project to build an app with different access levels to practice activities for music students in between lessons with their private Suzuki method teachers to help engage students throughout the learning process between lessons
 - Utilized C#, ASP.NET MVC Framework in a solo setting to design and build my first application solo project
- **For more projects:** See additional repositories at <https://github.com/leilahsmith>

Professional Experience

Mannacor, IT Consulting Firm, Software Engineer (100% Remote | March-August 2022)

- Collaborated with an international and 100% remote developer team of 3 senior developers by resolving assigned tickets in the front-end UI, using problem-solving, project management, and time management skills, as well as good communication
- Honed general programming, front-end, web design, and debugging skills while learning new languages (*Angular/TypeScript*)
- Built a fully responsive product gallery
- Implemented card redesign for client UI from client mockup using Angular Material
- Discovered and resolved programming bugs
- Provided support, enhancement, and maintenance to new and existing code-base

Leilah’s Music Studio, Founder, Operator, & Faculty (Indianapolis, IN | August 2004 – Present)

- Adapted profession successfully to an online format using new technology and software within a limited time capacity
- Achieved, built, and operated a successful private music studio business with no formal business training
- Managed student assignments and progress through various learning management systems
- Problem-solved student learning needs and resolved understanding deficits by interpreting high-level concepts into basic ones
- Maintained professional development through daily research and my own skill development
- Initiated a new form of collaboration with other studios for performances, competitions, workshops, and other events

Atlas Program, Participant (100% Remote | December 2021 - Present)

- A team-oriented post-education program being mentored by Indiana’s tech leaders to help build upon current skills and further learning and collaboration with others using hackathons, coding katas, coffee hour technology discussions, and mock interviews
